New Orleans, La
21 March 1975

Dear Harold.

Here I am sending something that came out in the newspapers of New Orleans, and that I believe ~~that~~ may be of interest to you.

In your last letter you tell me that I should tell you about the Mrs. (wife) of Mr. Grad, if she had been the secretary of the Mayor. (Mr. Grad is the owner of the press that is at 115 Decatur St. Mr. Grad is a high official of the army and still is to be found in the active reserve. In his Press are done many things which I can not prove ~~...~~ But the small Press that there was in the same building (115 Decatur) was Mr Melvin ~~that~~ who was working for the C.I.A.

This Mr. Melvin had company until the late hours of the night. The C.I.A. taught him so much that now he is in ~~the~~ prison for printing (counterfeit) false money. ... when Mr. Garrison began to investigate the case of the death of the President they closed (misspelled) the small Imprenta ... and in the Press of Mr. Grad began to work another Mr. who was also called Melvin. (~~This~~ this they did in order to cover the true MELVIN) ...

As you can see, in this letter I knew all the things that they were doing ... but if I were to talk I knew that they were going to kill me, now that I am not afraid ... of that time I was afraid of Mr Garrison also because he was an opportunist who ~~was~~ whose desired was to make himself great at the cost of what others ~~[illegible]~~ knew ... Mr. GARRISON did not desire that you should be in New Orleans.)

The F.B.I. said that I had taken out my Passport the same day as Oswald [Sp] ... but they did not correctly state the address where the Passport was taken out ... I took out my Passport in the Building [illegible] that is in front of the Habana Bar (Custom House) ... but it was not convenient to them [did not serve their purposes] to put that address in order that there might not be known the truth of all that was done there ...

P.S. It seems that things have changed a little, since a few days ago I met with the one who was the First assistant of GARRISON (Mr. Louis) and he was speaking to me ...

With someone who has a little force I can resolve the case of the death of the President ... but it has to be someone who may not be afraid ~~of~~ about what may happen ... the truth reigns over all things ... all that I want is that my name may not be so dirty as the F.B.I. has made it. I ~~to~~ want to accuse the Lawyer (John) son of a Policeman.

Since I gave him some important data ... (which he says he does not know where he got them) ... but he told me that he wanted to go to testify to the WERREN Commission & and that he ~~...~~ would not charge me anything for his work ...

I want the F.B.I. and the CIA to enter charges in ~~Court~~ Court and then we shall see who ~~is that~~ accuses ~~them~~ and who ~~is that~~ is telling the truth ... of all that happened concerning the death of the president. ~~The~~ Those who have not done anything evil, we have nothing to fear.

If your friend who is the lawyer wants to ~~go~~ put the case in Court I shall pay him ... I want to accuse the two ~~#~~ Chiefs of the F.B.I. who were in New Orleans For the years 1960 up to 1974 ... one knew everything that was done to kill the President ... the other came to cover (cover) what they did not want over to be known

They did not talk but those
that they put to do the work had a
very large ~~mouth~~ [squeaked? - spoke out?]
mouth [Slatted]

Dear Harold.

Aqui le estoy enviando algo que salio en los periodicos de New Orleans, y que creo que a Usted le interese.

En su ultima carta me dice que le diga de la Señora de Mr. Grad, si ella ha sido la secretaria del Alcalde (Mayor) Por mas de 20 años desde que Chip Morrison era Alcalde (Mayor). (Mr. Grad Es el dueño de la imprenta que esta en el 115 Decatur St. Mr. Grad es un alto oficial del ejercito (Army) y aun se encuentra en la reserva activa. En su Imprenta se hacian muchas cosas que yo no puedo probar.....Pero la pequeña Imprenta que habia en el mismo edificio(115 Decatur) estaba el Sr. Melvin que trabajaba para la C.I.A.

Este Sr. Melvin tenia compañia hasta altas horas de la noche, la C.I.A. le enseño tanto que ahora esta en la carcel por imprimir (Counterfit) dinero falso..... cuando Mr. GARRISON empezo a envistigar el caso de la muerte del presidente serraron la pequeña Imprenta .... y en la Imprenta de Mr. Grad empezo a trabajar otro Sr. que tambien se llama Melvin, (esto lo hicieron para tapar al verdadero MELVIN).....

Como Usted Puede ver en esta carta yo conocia todas las cosas que ellos hacian.....pero si yo hablaba sabia que me iban a matar, ya no tengo miedo....en aquel tiempo le tenia miedo a Mr. GARRISON tambien pues el era un oportunista que lo que queria era hacerse grande a cuesta de lo que otros sabian..... Mr. GARRISON no queria que Usted estuviera en New Orleans,.

La F.B.I. dijo que yo habia sacado mi Pasaporte el mismo dia que Oswald..... pero no dieron la direccion correcta donde se saco el Pasaporte..... Yo saque mi Pasaporte en el Edificio que esta frente al Habana Bar (Custom House) ..... pero a ellos no les convenia poner esa direccion para que no se supiera la verdad de todo lo que ahi se hacia.....

Parece que las cosas han cambiado un poco, pues hace unos dias me encontre con el que era Primer asistente de GARRISON (Mr. Louis y me estuvo hablando.....

Con alguien que tenga un poco de fuerza yo puedo resolver el caso de la muerte del Presidente.....pero tiene que ser alguien que no tenga miedo a lo que pueda sobrevenir.....la verdad impera sobre todas las cosas..... lo unico que yo quiero es que mi nombre no este tan sucio como la F.B.I. lo ha puesto. Yo quiero acusar al Abogado (John) hijo de un Policia.

Pues yo le di algunos datos importante....(los cuales dice no sabe donde los puso)..... pero no dijo que el queria ir a testimuar a la WERREN Comision y que no se sobraba nada por su trabajo.....

Yo quiero que la F.B.I. y la C.I.A. me pongan cargos en la Corte y entonces vamos a ver quien es el que acusa y quien es el que dice la verdad..... de todo lo que paso concirniente a la muerte del presidente. Los que nada hemos hecho mal, a nada tenemos que temerle.....

Si su amigo que es Abogado quiere poner el caso en la Corte yo le pago ..... Yo quiero acusar a los dos Jefes del F.B.I. que estuvieron en New Orleans Por los años 1960 hasta 1974....uno sabia todo lo que se hizo para matar al Presidente ....el otro vino a tapar (cover) lo que no querian que se supiera.....

Ellos no hablaban pero los que pusieron para hacer el trabajo tenian la voca muy grande.
